MEMORANDUM FOR: Deputy Assistant Director (Special Activities)

SUBJECT : Upgrading [REDACTED] Capability

1. With reference to [REDACTED] 2216-63 concerning "Status of the [REDACTED] Radar Site," the following recommendations are made toward bringing the [REDACTED] site up to optimum performance:

a. Add at least \$150,000.00 additional funding to the project over and above the present operating level at the [REDACTED]. These funds are to be used for additional technical personnel assigned to the project and for the purchase of electronic components to improve the equipment operation.

b. Establish a top level DOD priority to the project so that it will get the necessary support. This would have to be effective for both [REDACTED] in order to cover the work done at both places.

2. I would appreciate an opportunity to give you a run down on the background of the [REDACTED] project.

Chief, Engineering Analysis Division
